Digitally supplied specification

Advertisements should be supplied as high resolution TIF, JPG or PDF files to pre-press standards of a minimum 300 pixels/inch (118 pixels/cm). A high resolution proof is also advisable. PLEASE NOTE: without a high resolution proof, SRJ cannot be held responsible for the output of supplied files.

Film

Please note that we no longer accept film for advertisements. Should film be supplied, we will make a charge for conversion to digital format.

Please note

If the correct material is not supplied, any work undertaken by us to produce the files required will be chargeable. Corrections to existing film and digital files will also be chargeable.

Inserts

Bound in and loose inserts are accepted subject to a maximum weight and area. Rates on application.

Publications

6 per year: February/March, April/May, June/July, August/September, October/November, December/January. Also, 2 special supplements (October/November and June/July)

Design and Artwork

We can offer a complete design and artwork service for advertisements should you require it. Please contact the editorial office for further details and a quotation.
